1. A method of playing a wagering game including a dealer and at least one player comprising the steps of:
  - a. providing at least one standard deck of 52 playing cards plus at least one joker;
  - b. providing a published ranking of winning hands ranked from highest to lowest;
  - c. providing a pre-determined pay scale for winning hands;
  - d. providing a set pre-determined minimum hand ranking for a dealer to achieve as a qualifying hand without which said dealer will lose after all cards are dealt;
  - e. providing a dealer and at least one player;
  - f. commencing the game by having at least one player make a certain initial wager(s) for the first round from the following;
    - (1) a first wager against the dealer, and
    - (2) a separate voluntary wager against a predetermined pay scale,
  - g. dealing at least two cards to each player;
  - h. dealing at least two cards to the dealer;
  - i. said player folding his hand and forfeiting all wagers if said player does not wish to continue play;
  - j. said player proceeding to play the game against the dealer by placing a third support wager in support of the first wager against the dealer;
  - k. ending the game if the dealer fails to achieve said qualifying hand in accordance with said pre-determined minimum hand ranking and said dealer paying the player's said first wager against said dealer, if wagered, and paying the player's said separate voluntary wager against said pre-determined pay scale, if wagered, and having achieved a hand ranking pursuant to said published ranking;
  - l. proceeding with the game if the dealer has achieved said qualifying hand and the player does not fold his hand;
  - m. comparing the player's best two card poker hand, against the dealer's best two card poker hand, and excluding all extra cards dealt to determine the relative ranking there between;
  - n. paying the player's first wager against the dealer and player's third support wager if the player's hand outranks the dealer's hand;

- o. paying the player's separate voluntary wager against said predetermined pay scale if the player has achieved a rank at least as high as the first ranking from said published ranking;
- p. taking the player's first wager against the dealer and player's third support wager if the dealer's hand outranks the players hand;
- q. taking the player's separate voluntary wager against said predetermined pay scale if the player fails to achieve at least the minimum ranking from said published ranking;
- r. returning the player's first wager against the dealer and third support wager if said player has the same ranking hand as said dealer;
- s. continuing with the game by dealing at least one more round of cards before a shuffle to at least one player that has made a certain wager selected from the following;
  - (1) a first wager against the dealer, and
  - (2) a separate voluntary wager against a pre-determined pay scale;
- t. dealing at least two cards to each player;
- u. dealing at least two cards to the dealer;
- v. said player folding his hand and forfeiting all wagers if said player does not wish to continue play;
- w. said player proceeding to play the game against the dealer by placing a third support wager in support of the first wager against the dealer;
- x. ending the game if the dealer fails to achieve said qualifying hand in accordance with said pre-determined minimum hand ranking and said dealer paying the player's said first wager against said dealer, if wagered, and paying the player's said separate voluntary wager against said pre-determined pay scale, if wagered, and having achieved a hand ranking pursuant to said published ranking;
- y. proceeding with the game if the dealer has achieved said qualifying hand and the player does not fold his hand;
- z. comparing the player's best two card poker hand, against the dealer's best two card poker hand, and excluding all extra cards dealt to determine the relative ranking there between;
- aa. paying the player's first wager against the dealer and player's third support wager if the players hand outranks the dealers hand;
- bb. paying the player's separate voluntary wager against said predetermined pay scale if the player has achieved a rank at least as high as the first ranking from said published ranking;
- cc. taking the player's second wager against the dealer and player's fourth support wager if the dealer's hand outranks the players hand,
- dd. taking the player's second separate voluntary wager against said predetermined pay scale if the player fails to achieve at least the minimum ranking from said published ranking;
- ee. returning the player's first wager against the dealer and third support wager if said player has the same ranking hand as said dealer;
